

CREATING LEADERS OF TOMORROW!

About Yenepoya (Deemed to be University)

Yenepoya University, a not-for-profit trust, was established in 1991 by entrepreneur Mr. Yenepoya Abdulla Kunhi, who serves as its Chairman, with a commitment to uplifting minority communities. From its inception, the management envisioned providing quality higher education and brought in the best professionals to achieve this goal. The university aims to foster academic excellence and global competencies among learners across diverse domains such as management, technology, commerce, and more. It envisions creating a vibrant knowledge hub and inspiring the leaders of tomorrow who can help position India at the forefront of developed nations.

The National Assessment and Accreditation Council (NAAC) accredited the university with an "A+" grade in August 2022. Since the introduction of the NIRF rankings in 2017, the university has consistently ranked within the top 100 institutions, securing the 95th position. Additionally, the university and its online degree programs are entitled by the University Grants Commission (UGC).

About Yenepoya Online

With the digital revolution and the growing demand for accessible education, Yenepoya has expanded its academic excellence into the online space with the launch of Yenepoya Online. This initiative is designed to empower learners across the globe with flexible, affordable, and high-quality education, equipping them to thrive in today's competitive professional landscape.

By embracing innovation in learning, Yenepoya Online aims to reach students from diverse backgrounds and communities, nurturing the leaders of tomorrow through a learner-centric, future-ready approach.

Our Vision:

To provide access to quality higher education, ensuring equity to create a vibrant knowledge capital and to create inspiring leaders of tomorrow who can take this country to the forefront of developed nations.

Our Mission:

- To foster academic excellence and global competencies among students.
- To create an environment for the generation of new knowledge through meaningful research, adopting latest methods of pedagogy and incorporating modern principles of academics integrated with highest ethical standards.
- To extend the knowledge acquired and new knowledge generated for the development of the community.

Online MBA in Finance

The MBA in Finance program provides students with an in-depth understanding of financial management, investment strategies, and corporate decision-making. Through specialized courses in Corporate Finance, Investment Management, Financial Markets, and Financial Modeling, students gain the analytical skills and strategic insights needed to navigate the fast-paced world of finance. This program equips learners with technical expertise to assess financial risks, optimize capital allocation, and drive business growth.

Students will explore key areas such as financial statement analysis, risk management, portfolio management, and capital markets. With a strong emphasis on practical applications, this program prepares graduates for careers in corporate finance, investment banking, financial consulting, and risk management.

Highlights

- Covers corporate finance, investment management, financial markets, derivatives, and risk management.
- Hands-on training in financial modeling, valuations, and data analysis using Excel and financial software.
- Focus on portfolio management, financial instruments, and market risk mitigation.
- Global perspective on cross-border investments, financial regulations, and market operations.

Duration:

2 Years

Eligibility:

Pass in an Undergraduate (Bachelor) Program of a minimum duration of three (3) years in any stream from a UGC Recognized University, with a minimum aggregate of 50% or an equivalent letter/numerical grade.

Candidates who are in the final semester of the Bachelors Program are also eligible to apply for the Online MBA in Finance

Fee Structure:

Yearly Fee Plan (Domestic)	Total Year Fee Plan (Domestic)	Yearly Fee Plan (International) in USD	Total Year Fee Plan (International) in USD
₹25,000	₹50,000	\$400	\$800

Online MBA in Human Resource Management

The MBA in Human Resource Management is designed to develop future HR leaders with the knowledge and skills to manage human capital effectively. This program blends theoretical concepts with real-world applications, ensuring students understand workforce planning, talent acquisition, employee engagement, and organizational behavior. It emphasizes leadership development, strategic HR planning, and ethical decision-making, preparing graduates to drive workforce productivity and business success.

Students will gain expertise in HR analytics, labor laws, performance management, and change management. With a flexible online learning model, this program is ideal for working professionals looking to advance their careers in HR roles across diverse industries, including corporate, consulting, and entrepreneurial ventures.

Highlights

- Strong foundation in management with courses in organizational behavior, accounting, and business statistics.
- Specialized HR training in talent acquisition, labor laws, and performance management.
- Global and strategic HR insights through courses in international business and HR leadership.
- Emphasizes data-driven decision-making with HR analytics and business analytics.
